Synopsis

Phyllis Harlowe is her name,
and private investigation is her
game

Her lip gloss is bulletproof

She has a landlord who wants
the rent, a secretary assistant
who's deeply into the soaps,
and a frightened male client
who wants protection

She also has a lounge singer
boyfriend who wants her to
quit "this crummy racket" and
marry him

And there's more

Then of course, there's Phyllis'
nemesis, the homicidal
preppy, Darlene Bourgeois

In the end, justice triumphs
and love conquers - but only
after plenty of drama, lots of
action and lots of laughs
